

TriTek Solutions – News Update

TriTek Sponsors IOD Conference 2008

TriTek is a Gold Sponsor of the 2008 IBM Information on Demand Conference

BOSTON, MA – TriTek Solutions, the leading provider of customized Business Process and Enterprise Content Management solutions, has announced its gold-level sponsorship of the 2008 IBM Information on Demand conference in October. At the conference, TriTek will offer demonstrations of its award-winning software, Trans@ction eXpress, CapturePlus and the Utilities Solution Suite. Company representatives will meet with attendees to provide demos and discuss potential solutions and implementations at booth **G6** in the EXPO Solution Center.

During the event, TriTek's founders Jack Finnegan, Peter Gretz and Chris Leach will host a seminar on integrating IBM Content Manager (CM8) with IBM FileNet Business Process Manager (BPM). This session seeks to educate attendees on the value of integrating CM8 with BPM through the implementation of a customizable business process management framework. Throughout this session, attendees will learn how such a solution differs from other integration alternatives, and when a framework is superior to other options. For registered attendees that are interested in TriTek's seminar, the session ID is **TCM-2631A** and the seminar is listed under the Enterprise Content Management section of the Technical Skill Building track.

To register for the IBM Information on Demand conference, visit the registration webpage at <http://www.ibm.com/events/informationondemand>.
